## Mu Chapter Reports Advancements in Academics, Campus Activities Strong Chapter Looking Forward to Continuing Toward Excellence

By Greg Coleman, President

Delta Tau Delta, Mu Chapter is performing at an all-time high in academics, sports, and extracurricular activities. Only a few years ago we were struggling for more members and had to work hard just to keep our charter. Today we have an amazing group of twenty-four active brothers and ten pledges, and we are excited to continue this trend toward excellence.

The house has improved as well. We have a new chef, Abdul Hamid Turay, who has made our meals better than ever, and we have all developed a close relationship with Abdul. The lettering in the kitchen has been updated

and we have painted the hallways to give the house a more modern aesthetic.

Wherever you go on campus, you will see our letters working to make OWU a better

**"Our diversity is what makes this house so strong; we are all here for the brotherhood and the bonds that have developed over the years."**

place. We have such diversity that it is usual to have a rugby player, a music major, and a self-proclaimed video game expert eating together. We have an Interfraternity Council (IFC) president, a water polo captain, and have become the backbone of the rugby team. Our diversity is what makes this house so strong; we are all here for the brotherhood and the bonds that have developed over the years.

## Applause!

Join The Mu Chapter In Thanking  
The Following People:

- **Al Harris** for his decade of service as the House Father of Mu Chapter. After 10 years of loyal service, Al is moving to Washington, D.C. with his fiancée' Rae. From the alumni and the undergraduate members, thank you for all your work to better Mu!

- Rick and Lisa Jackson, parents of active member **Matt Jackson**, for their recent generous donation to purchase the a new pool table for the house.

- **Andy Boone '05** for his spirit of volunteerism. Andy is the newest addition to the House Corporation. He will serve as our VP of Alumni Relations.

## Delt Lift-a-Thon Raises \$550 for Muscular Dystrophy Association

Participants Benched, Squatted and  
Dead-Lifted to Earn Donations  
During April Event

On April 8<sup>th</sup> Mu Chapter supported the 1<sup>st</sup> Annual Delt Lift-a-Thon benefitting the Muscular Dystrophy Association. Parents and students showed up to observe the event. Several of Delta Tau Delta's own participated, including **Keith Simon**, **Dan Freed-Pastor**, and **Alex Aguilar**.

All participants benched, squatted, and dead-lifted to reach their goals and raise money for muscular dystrophy research. Each participant was responsible for obtaining their own sponsors and collecting the donations—over \$550 was raised!

The Delts had a great time power-lifting and raising money for a great cause. We anticipate an even greater success next year for the 2<sup>nd</sup> Annual Delt Lift-a-Thon!

## Standing on Both Sides: Current IFC President Gives Insight to Leadership Requirements and How They Affect Roles

McCoy Balances Responsibilities of President of IFC, Director of Risk Management, Academics, and Music

By: Justin G. McCoy '06, Director of Risk Management

My fourth year has brought me wonderful opportunities with music, social connections, and fraternity. One of my proudest accomplishments was to be elected as the President of the Interfraternity Council. With such a high honor, many new and interesting challenges are presented, such as managing my responsibilities and allegiances.

Many people, including my own brothers, don't realize the constraints I face every day as IFC President: a busy schedule, numerous phone calls and e-mails each day, receiving and disseminating good and bad news, many long-term and the split-second decisions I have to make. Also, there are accountability and planning issues of which most aren't even aware.

In addition to IFC President, I also serve as the Director of Risk Management for Mu Chapter, which requires me to plan and hold

risk management workshops, evaluate safety concerns, manage parties and other social functions, and sit on the executive board, often having to help make tough decisions.

I do all this in addition to being a student

---

**"It's about focus and determination. All these things I can attribute to the many lessons I've learned from my parents, my friends, and even my brothers in the house."**

---

and musician, playing with my band for the local bar scene, working as a coordinator intern for alumni relations, working closely with admissions, and just being a part of the campus community.

Serving in so many capacities means that I have to find balance in every activity. I have to know when to play the role of IFC President and when to be a brother. Those

are some of the most challenging moments in my life, because I want to do what's best for my brothers, but I have to consider the entire community as well. I have made a vow to be an unbiased leader and it's a vow that I will keep.

I face all these responsibilities on a weekly basis, but I have managed to keep my sanity and my grades up. How do I do it? It started with reading a John C. Maxwell book over the winter break called "Developing the Leader in You." This book helped me put my life of leadership in perspective and I am very grateful for being introduced to it by my father, who serves as President of St. Paul School of Theology, and my mother, who also has worked in management for several years. I also use support of Microsoft Outlook, my PDA, my significant other, my brothers, the occasional social outing, and my membership to a local shooting range.

It's about focus and determination. All these things I can attribute to the many lessons I've learned from my parents, my friends, and even my brothers in the house. It makes our Four Fundamental Principles of Deltism and our Creed so relevant: Truth, Courage, Faith, and Power. "I believe in Delta Tau Delta as an abiding influence to help me do my work, fulfill my obligations, maintain my self-respect, and bring about that happy life wherein I may more truly love my fellow man, serve my country, and obey my God."

Mu Chapter undergraduate brothers and alumni at Monnett Weekend, April 7-9, 2006. The men met at the Shelter for a steak cookout on Friday and an open house reception on Saturday.

## Seven Graduating Seniors at Mu Chapter Leave Room for Undergraduates to Take on Leadership Roles

Congratulations! Graduates Will Be Missed and Remembered Fondly

By: Ross Brater '07, Vice President

Once again, the time is nearing to think of commencement ceremonies and, with them, the departure of some of our brother Deltas. Our seven graduates, past presidents and new initiates alike, will be missed deeply, their contributions fresh in our memories. Now the undergraduate members will have to take the reigns and chart the future course of Mu chapter.

We are confident the graduating seniors will move on to promising lives and exciting careers, armed with tools

---

**"We are confident the graduating seniors will move on to promising lives and exciting careers, armed with tools learned at Delta Tau Delta."**

---

learned at Delta Tau Delta. And their graduating serves as a catalyst ensuring the undergraduates will take over leadership

with an unwavering sense of honor, bristling with courage and an insatiable desire to improve the fraternity.

As a close friend of mine once told me, "This is what *forever* is made of. This is Delta Tau Delta." That statement never rings more true than when the reigns are handed over. We will strive to exceed the expectations left behind as our graduating brothers depart, and live up to their commitment to excellence.

## ALUMNI UPDATES

### '30s

#### **Nevin Scrimshaw '38**

(PO Box 330, Campton, NH 03223-0330; nevin@cyberportal.net) At 88 I am still active, serving as President and Executive Director of the International Nutrition Foundation based in Boston, and administering a global fellowship program for advanced research concerned with nutrition and infection. The latter requires extensive international travel. I live in the White Mountains of New Hampshire and had 30 half-days of down-hill skiing this season. My wife Mary, 5 children and 8 grandchildren are all doing well.

### '40s

#### **Paul Hummel '49**

(3647 Stoer Road, Shaker Heights, OH 44122-5115; paul.hummel.1949@owu.edu) Retired 1/90, good time to throw in the towel as VP of Production at Apex Paper box. My wife, Shirley, and I lived in Shaker Hts 37 years; moved to an apartment in Aurora, OH on Dec. 5th. Looking forward to warm weather and hope I still will be able to hit the little white ball. I keep in touch with "Frugal" **Jack Friege**, **Al Theis '50**, **Bob Brown '49**, **Alex Cook '49**, **Roger Knipper (the organizer) '52**, and **Bill Shie**. We meet a few times a year to remember and tell inside stories. My brother **Dave Hummel '52** is still very active as a Grand-dad and finally took up golf California-style using a 6 in. tee from the fairway. 'Nough said--Oh--ask Ed Hemminger the real meaning of "TOFAR." He brought it back from his stay in Norway.--Another thing --Where is Gordo Newell? Tofar

### '50s

#### **James Hipkins '51**

(2875 Charing Cross Rd NW, Canton, OH 44798-1541; jrhipkins@yahoo.com) Living in Canton, OH. Charlotte died in 2004, Dec. 10. Have been floundering and adjusting. Found a new mate, Ann Waltman from Millersburg, Ohio. We have enjoyed the new relationship and find it rewarding and growing. Had a book published two years ago, TO BORNEO AND BACK," A Journey with Dietrich Bonhoffer." Am hoping to write some more, but still gathering material. Keep busy as the visitation minister of the 1st Presbyterian Church in Alliance, OH. I work several days a week. Haven't seen any Deltas for along time. Have been tempted to look up the group in Akron area, but am afraid with deaths it may not be around any more. Would be interested in getting together once in a while with any Deltas in this area. Best to all.

#### **John Moore '53**

(1730 Grape Street, Denver, CO 80220-1351; moore123@aol.com) It looks like it will be very busy year. And, in April I will present a short course to 20 hydrogeologists in San Antonio at the National Ground Water Association's Groundwater Summit. In June I will be going to Dijon, France to attend an International Association of Hydrogeologists Congress. Later in June I will be in San Bernardino for 10 weeks making aquifer vulnerability maps for the US Forest Service. In October I will be in China giving short courses in Groundwater Fundamentals at an IAH Congress.

#### **Herb Manton '55**

(609 Wesleyan Drive, Marblehead, OH 43440-2055; mimiherb@cros.net) Still enjoying the afterglow from our 50th anniversary reunion last May in Delaware! It was great to see brothers **Dr. Art Caliandro '55**, **Dave Cecile**, and **Art Robbins** there. I continue to work part-time in the Mental Health section of the Grafton Correctional Institution after retiring from the Psychiatry Dept. at Ohio State several years ago. Mimi and I live in Lakeside, Ohio, where we get to take advantage of the great summer programs. Part of that program this year will again feature brother Dr. Arthur Caliandro as the preacher at one of our Sunday morning worship services in our large auditorium and as our Chaplain for several days. It's always a real treat to have him here. Mimi spends the winter and early spring in our mobile home in Sarasota, FL, and I join her there for about 10 days every month during those months. We figure we have the best of both worlds living where we do! We enjoy having our two sons and their families relatively close by.

#### **Ed Whipps '58**

(51 Highland Court, Pataskala, OH 43062-8910; efwhipps@aol.com) The Mu Class of '58 continues to stay in close touch and to have significant annual reunions as well as many informal get-togethers between smaller groups of brothers throughout the year. E-mail also proves an effective means to stay in touch. This year, the big reunion will take place in Destin, Florida from May 3-5 with Brother **Mike Geehan '58** serving as the host/planner. From golf, shopping, beach activities, cocktails and special dinners to "Singing the Dear Old Songs of Delta Tau" we will once again experience the joy of being "Brothers Who Stand As One."

We all share in the good feelings that come from knowing that our current Mu Chapter brothers are working hard to continue the proud traditions of our Fraternity and we really appreciate all the efforts that have

been made in recent years to put Delta Tau Delta in a much stronger position to play a very significant role on the Ohio Wesleyan Campus. Our promise to play an important role in the upcoming Capital Campaign remains firm.

### '60s

#### **John Bassett '63**

(130 Woodland Street, Worcester, MA 01610-1318; jbassett@clarku.edu) I am in my sixth year as President of Clark University, where I came after serving as Dean of Arts and Sciences at Case from 1993 to 2000. This year I also published a book on Sherwood Anderson. Kay and I are enjoying New England, though missing children who live in Cleveland and Detroit. We have not been back to OWU recently, because reunions there are always when I have to be at reunions here; but hope springs eternal. This summer we will make our second trip to East Asia with stops in Japan, Korea, Taiwan, Hong Kong, and Thailand. I do, from time to time, see Brothers **John Welch '61** and **Fred Rice '58**.

In Feb. **Bob Wahl '58**, **Ed Lutz '60**, **Bob Olson '60**, **Dick Dehaven '60** and **Jerry Child '60** (pictured left to right in photo) assembled in Corona, CA for a reunion. We had a grand time catching up and recalling events we had not thought about in many years.

#### **Tom Waechter '64**

(4496 Lahm Drive, Turkeyfoot Island, OH 44319-3416; tom\_waechter@goodyear.com) I am still a products liability trial attorney for The Goodyear Tire & Rubber Company at their corporate headquarters in Akron.

I have taken numerous day-long courses in the field of mediation, as well as the week-long intensive program offered by Harvard Law School, and am now on the approved mediators list for the United States District Courts in Cleveland.

My wife and I continue to travel a lot, having gone to Ireland, England, Scotland, Germany, Austria, the Czech Republic, and Hungary in the past few years. We also spend

some time at the "Old Florida" 3-story metal-roofed home we built on Marco Island, Florida about 12 years ago, as well as trading it for other venues in CA, OR and CO recently, which friends of ours owned. We are planning a trip to China next year, which is still in the "maybe stage".

I have stayed in touch with **Stu Wheeler '64**, who lives in Columbus, and **Keith Brown '64**, who lives in VA, as well as I can over the years. A few years ago I spoke with **Bill Batchelder '36**, formerly a State Congressman in Ohio and now an appellate Judge in this district, which includes both Summit County where Akron is and his home county of Medina, as well as with his fellow Medina County resident **Cliff Reinhardt '64**. I have been approached by the Men's Glee Club to put together something musical for a class reunion either this year or in '07, which I will try to do.

#### **Jim Carper '68**

(110 Quill Drive, Columbus, OH 29212-1614; jcarper@gwm.sc.edu) Greetings! I recently resigned as Chairman of the Department of Educational Studies at the University of South Carolina (the elder USC), and am now on sabbatical leave working on a book tentatively titled "The Dissenting Tradition in American Education." Kath, my loving wife of nearly thirty-seven years, and I have lived in Columbia since 1989. During that time we have been involved in some exciting political adventures, e.g., working for tuition tax credits and favorable home schooling legislation; raised our dear children, Becky and Marci; and nourished our Christian faith at Cornerstone Presbyterian Church. Hope all is well with members of the Class of 1968. The welcome mat is always out. Godspeed.

#### **Gary Robinson '69**

(121 West Sophia Street, Maumee, OH 43537-2164; gjrdds@aol.com) I qualified for the NASTAR National Championships in Steamboat Springs, CO. So I decided to go; I won a bronze category on Saturday and finished ninth for the day. On Sunday I had a good first run but missed a gate on the final run of the day. There were 1300 competitors from ages 5 to 90. It was held from March 24- 26th. There were six courses with different age groups on different courses. We ran off of Stiz, which is left of the gondola looking up the mountain. The national was well organized; Meredith and I will go again..

## '70s

#### **Fred "Hormel" Watkins '74**

(P.O. Box 863, Crystal Beach, FL; fwatkins@tampabay.rr.com) We live in

Crystal Beach, Florida (Tampa Bay area) and love it! Denise (Dempster '74) and I have three children and we've recently graduated to "empty nesters" status. Denise has a prospering interior decoration business and I am an executive with Lucent Technologies. I continue to work with the OWU "W" association, particularly on the Lacrosse Alumni Association and have played for the OWU Lacrosse Legends team in tournaments around the country. I get back to Delaware on an annual basis for functions. I stay in touch with **Bob "Rude Mitch" Mitchell**, **Graham "Cracker" Kastendike '75** and live near **Scott "The Fly" Howett '72**. Hormel!

## '80s

#### **Marc W. Boots '83**

(212 Mulberry Lane, Bellaire, TX 77401; mboots@mcgriff.com) Still live in Houston and have met several Delts from Univ. of TX and Sam Houston State Univ. - have also re-connected with some affiliates and Brothers from Darien, CT. Plan on attending next former President's Dinner. My neighbor is a Phi Delt from OWU - they still have all the money!

#### **Chris Scharf '83**

(4363 S Quebec St, Apt 5103, Denver, CO 80237-2678; chris\_enterprise@hotmail.com) Working in Virginia on Navy ship systems engineering. Would love to hear from others.

#### **Steve Ulfelder '83**

(7 Darlene Drive, Southborough, MA 01772-2054; sulfelder@yahoo.com) Greetings, brothers. I was just scanning the Mu website and noted with horror that the Class of '05 was born after I graduated in 1983. Eek! I guess that makes me one of those creaky old alums who shows up on Monnett Weekend, drinks 17 gin-and-tonics, and tries unsuccessfully to persuade the 20-year-olds that he was really hip back in the day. I still live in Southborough, Mass., with my wife and kids (Steve Jr., 11, and Lucy, 9). These days I split my time between freelance writing (www.ulfelder.com) and my startup auto-racing business (www.flatout-motorsports.com). The only brother I truly stay in touch with is **John Zoller '83**. Would love to hear from any fellow ne'er-do-wells from the early to mid 1980's. I haven't been back to Delaware for 15 years, but will probably drag my clan there for my 25th reunion coming up in '08. By then my kids will be the right age to hate my guts, and bombarding them with wacky stories from my undergrad years should seal the deal. Drop me a line at [steve@ulfelder.com](mailto:steve@ulfelder.com).

#### **Stew Hirsch '87**

(1205 Front St. Raleigh, NC 27609;

[thirsch@ameritech.net](mailto:thirsch@ameritech.net)) His wife Lisa is going to the well one more time. Their 4th child is expected in September. Their sons Tom (10), Tyler (9) and Trevor (4) are all doing well. Stew is still the managing editor at WNCN-TV, the NBC station in Raleigh, NC.

## '90s

#### **Matthew Maraffi '92**

(364 Morehouse Rd., Easton, CT 06612-1651; mattmaraf@aol.com) Currently working on "Ring Of Fire" the Musical on Broadway. If anyone is in town, stop by the theatre and say hi. Matt is in contact with **Eric Schutzbank '92**, and **Carl Mussenden '90**

#### **Eric Carlson '95**

(5754 NW 48th Ct. Coral Springs, FL 33067; ecarlson@myacc.net) My wife, Elisabeth, just received her Doctor of Veterinary Medicine degree from the Ohio State University in June 2005. We then relocated from Columbus, Ohio to Coral Springs, Florida just days after hurricane Wilma in October. This was particularly interesting with moving two dogs, three birds, and three fish 1,100 miles. I am now the Assistant Controller for Hollywood Media Corp (Boca Raton, FL) and Elisabeth is an Associate Doctor at the Wiles Road Animal Hospital (Coral Springs, FL). Thanks to the move, I have reconnected with **Larry Root '93**, **Ron Spalter '93**, and **Scott Donaldson '00**. I do miss spending time at 20 Williams as the last few years had afforded me the opportunity. Also, in January 2006, I was fortunate enough to be able to meet up with **Roy Mayberry '95**, **Adam Kramer '95**, and **Chris Parton '97** in NYC. Best wishes to **Nick Ferrara '97** on his speedy recovery.

#### **R.J. McKay '98**

(1437 Parkman Pl., Beavercreek, OH 45434-6938; rjmckay98@yahoo.com) I am still in Beavercreek, Ohio, working for my family's restaurant. I am engaged to my partner Todd, and now serve as President of the Board for a local non-profit organization called Diversity Dayton. I hope all are well, and maybe I will get to stop by soon!

**Jeffrey Egdell '98**, ABR, GRI, CRS  
(1431 South Main Street, Royal Oak, MI  
48067-3248; jegdell@weirmanuel.com) I am  
still living in Beverly Hills, MI with my wife,  
Nicole. We had a baby boy, Anthony, August  
25, 2005. I still sell real estate in Michigan  
and Florida, so let me know when you're

looking for property. It's been a great time  
to be in the metro Detroit area with Four in  
a couple of years. Let me know when you're  
in the area!! We just had the Super Bowl,  
but have had the Ryder Cup, baseball's All  
Star Game, as well as the NBA & Stanley  
Cup Finals in the recent past. We are looking  
forward to the NCAA Final. The photo is of  
me with Jerome Bettis before the Super Bowl.  
I hope that all is well with Mu.

**Jim Hart '98**  
(129 Hattaway Drive, Altamonte Springs,  
FL 32701-5229; jwhart528@yahoo.com)  
I recently opened my own law practice in  
Orlando, Florida. The details of my practice  
can be found at [www.jameshartlaw.com](http://www.jameshartlaw.com). I  
currently live with my girlfriend Donna, four

dogs and three cats. (For those of you that  
remember Dexter, aka "Brutus" or "Chunk" -  
he is still with me, bigger than ever.) Life is  
good, I'm looking forward to getting back up  
to Delaware, but probably won't be until the  
10-year reunion in 2008. If you are ever down  
for vacation, give me a call - I'd love to meet  
up with some Delt friends. 321-439-4943

**Mike Brenner '99**  
(230 East Cooke Rd., Columbus, OH 43214-  
3114; a083740@allstate.com) Currently live  
in Columbus, Ohio, married to Denise (Sabo)  
Brenner, OWU 2000. I own an insurance  
agency in the Clintonville/Worthington area  
(Allstate Insurance Co), currently serve as  
the Mu Chapter House Corp. Treasurer, and  
officiate local high school and college football.

## Meet Our New Chapter Advisor!

### A Youthful Bryan Asmus '05 to Share Recent Undergraduate Experiences in New Role

If you are not a more recent graduate of Ohio Wesleyan, you may not know me. My name is Bryan Asmus, and I graduated in May 2005 as a member of one of our chapter's larger graduating classes of recent history. This summer, I moved to Columbus to begin my career. Not long after I moved here, Eric Carlson '95 informed me that he would be moving to Florida with his wife so she could pursue a job as a veterinarian, and he persuaded me to take over the role of Chapter Advisor.

In actuality, I am very excited about the

opportunity to fulfill such an important need within our fraternity. Since I have just recently graduated, I still have a relatively high level of freedom that enables me to stay involved. My role as Chapter Advisor will give me the opportunity to share my very recent experiences within the house, including terms as Vice President, Pledge Educator, and Alumni Relations Chairman. My recent graduation also gives me a working relationship with the current active body, and an understanding of the current unique culture within the house.

Professionally, I work for Accenture as an entry-level Analyst in their Business Consulting Workgroup. Accenture will provide me a wonderful opportunity to grow within their company, while allowing me to keep a suitable work/life balance.

If you have any questions, suggestions, or would like to contact me, you can e-mail me at [bryan.asmus.2005@owu.edu](mailto:bryan.asmus.2005@owu.edu).

Fraternally,  
Bryan Asmus '05

## Technology Update: Alumni E-Mail Distribution List Established and "Brothers Only" Section Added to Mu Chapter Website Measures Will Improve and Enhance Communication Among Alumni

By Mike Brenner '99, House Corp. Treasurer

### E-Mail Distribution List

Due to spam regulations, there previously was no efficient way to send an e-mail to all Mu alumni at one time. The newly created "Yahoo Group" will allow us to do that with an OWUDelts e-mail distribution list. The list will function as an announcement-only vehicle moderated by House Corp.

Already over 250 alumni have registered their e-mail addresses with us, but now we must add all possible alumni to the OWUDelts list. If you have provided us with an e-mail address, you should receive a message that you have been added to the list. If you want to be added, and have not received confirmation by the end of April, send a request to [mu\\_dtd@yahoo.com](mailto:mu_dtd@yahoo.com).

### Brothers Only Area in Website

The Mu Chapter website ([www.owudelts.org](http://www.owudelts.org)) now includes a "Brothers Only" section. To access this member area, click on the DTD symbol on the left side of

**"As always, we are looking for more content... Send your news or web links to [mu\\_dtd@yahoo.com](mailto:mu_dtd@yahoo.com)."**

the homepage and use the following log-in information:

Username:

Password:

Please note that access to this area of the

website is for Mu Chapter BROTHERS ONLY. Please safeguard this information and do not share it with those who are not Mu brothers.

Currently, this section includes an alumni directory and links to chapter officers. Please visit the alumni directory to verify your personal information, and send updates to [mu\\_dtd@yahoo.com](mailto:mu_dtd@yahoo.com).

As always, we are looking for more content. If you have pictures, a new job, or met up with other alumni, we can add it to the "Alumni News and Updates" section. If you have a personal or business website, we can add it to the "Alumni Websites" section. Send your news or web links to [mu\\_dtd@yahoo.com](mailto:mu_dtd@yahoo.com).

Chapter Advisor, Bryan Asmus and Undergraduate Alumni Chair Alex Aguilar

Undergraduate brothers and alumni participate in the age-old tradition of the Hoopla.

Alumni Ahmed Salkini and Mike Brenner pose with their Great Great Great Great Great Great Great Great Grand-big, John Ford

Alumni Nathan Black, Greg Morganoff (aka Butters), and Mohammad El-Zein (aka Oodi) at Monnett weekend.
